

Program Delivery Fund

BACKGROUND

The allocation of a small amount of funds are available to assist OneAbility Network Collaborator members to support the promotion and facilitation of physical activity for individuals with a disability in the Capital Region. This may include, but are not limited: sport and recreation program costs, including facility fees, equipment, or staff; training opportunities for staff; COVID related programs and services; community event hosting, etc.

Organizations may request up to **\$500** to support their initiative.

This will be the 2nd intake of 2022, intended for programs from September to December.

Dates

Application Opens: June 27th, 2022,

Application Deadline: July 15th, 2022

Applications Reviewed: July 15-30, 2022

- Applications will be adjudicated by representation for the OneAbility Stewardship group.

Notifications of Successful Applicants by August 10th, 2022

Project Delivery between September and December 2022.

Small Projects Reports due by January 31st, 2023*

How to Submit

Complete OneAbility Small Projects Application Form (pg 3-4) in Word OR Convert to Fillable PDF, and submit via email to Samantha Heron, oneabilityevents@gmail.com by 11:59pm PST July 15th, 2022.

Eligibility

- Must be a OneAbility Network Collaborator.
- Must be an organizational project (no individual projects will be accepted).
- Project outcomes must promote or enable physical activity for people with disabilities in the Capital Region.
- 2021 and 2022 Recipients must submit their completed Small Projects Report form in order to be considered.
- *Note: In the event of an excess of 2022 applications, new applications will be prioritized.*

Desired Outcomes

- Increasing the number of opportunities available for persons with disabilities to be physically active (e.g., physical activity programs, classes, events, creation of physical activity infrastructure or environment).
- Increasing accessibility of physical activity programs, facilities, initiatives (e.g., adaptive programs to support individuals with varied abilities, improving inclusion practices, reducing cost barriers to physical activity).
- Improving physical or built environments to encourage more physical activity (e.g., infrastructure, active transportation routes).
- Increasing participation in physical activity (i.e., more people doing more physical activity).
- Building staff or community members & capacity to help others be physically active (e.g., staff or community training, supporting physical activity leadership, building skills or competencies to promote physical activity or physical literacy)
- Developing and implementing policies to encourage physical activity.
- Increased partnerships or collaborative programming opportunities.
